---

## **Objective**

Motivated Information Science student seeking an internship or entry-level opportunity in software development. Eager to contribute to innovative projects and grow under an experienced engineering team.

## **Education**

*University of North Florida (UNF) | Jacksonville, FL | Graduation Expected May 2026*

College of Computing, Engineering & Construction; ABET Accredited

**Bachelor of Science in Information Sciences, Minor in Leadership**

- **GPA: 3.5**

## **Relevant Coursework**

- Internet Programming, User-Interface Design, Senior Project I, Leadership Practicum.

## **Skills**

- Technical Skills: HTML, CSS, JavaScript, Swift, C#, ASP.NET
- Soft Skills: Teamwork, Communication, Time Management, Organization, Adaptability, and Attention to detail.

## **Projects**

**OneJax Senior Project | ASP.NET, C#, SQL-Lite | Aug 2025 - Present**

- Developing a web application using ASP.NET, applying MVC design principles, and team-based development.
- Developing a strategic dashboard for a local non-profit organization, supporting their mission with a high-impact data visualization and data entry system.

**E-Portfolio | HTML, CSS, JavaScript | August 2025 - Present**

- Designed and coded a responsive personal website featuring an interactive profile, schedule, and account form.
- Implemented dynamic interactivity with JavaScript to enhance the user experience

## **Work Experience**

**Distance Learning Coach | University of North Florida | August 2025 - Present**

- Provided academic support through office hours, email, and virtual meetings.
- Created and shared course updates to ensure clear communication.
- Collaborated in weekly team meetings to improve student engagement and outcomes.

## **Leadership & Involvement**

**Secretary | Society of Women in Advanced Technology (SWAT) | August 2024 - Present**

- Maintain documentation and coordinate workshops on software development topics.
- Lead member communications and event planning through Discord and Microsoft Teams.
- Conducting and participating in workshops on software development topics, reinforcing best practices in coding and debugging.
